Press Release

March 2005 --

New Project Engineer & V.P.

We have recently added **Dennis Moy** to our staff. He has over 35 years in the electrical trade and has been a licensed electrical contractor since 1984 and a licensed journeyman since 1976. He is experienced not only in supervision and installation, but also in the design and drawing of plans.

We are excited about this new addition and looking forward to a long future with Dennis.
